A woman pessimist.

Indeed, I have, my own delight,  
When'er I chance to roam,  
Is sure it will be late at night  
Before I get back home.

When dearest asks to have her gown  
Done by a certain date,  
"I know," she murmurs with a frown,  
"That it will be too late."

When we're paid life insurance does  
Wife looks and as the dance;  
And says, discouraged, "It don't seem  
To be a bit of use."

When we play poker all night long,  
We come home to a frost;  
Before we say a word, she says:  
"I know darn well you lost."

Then Our "New Peoria" Is What You Want

It has perfect working discs, fitted with dust proof chilled bearings, single draw bars that will not gather trash, staggered spoke wheels with 7-inch hub and 3-inch tires, continuous rear bar with truss rod to support seat and keep drill from sagging, direct pressure in rear of disc; a feature we claim will make this drill work perfectly in any land suitable for sowing grain and where other drills cannot be operated. A seat in center of drill convenient to lever is also furnished. Drop in and let us show you what this drill can do, and furnish you with the names of a score of satisfied users. One feature of our drill that puts it in a class by itself and makes it superior to all other drills on the market is the "Peoria Disc Shoe." You won't find the disc shoe on any other press drill on earth, the Peoria people have that feature cinched and they are going to hang on to it. If you want to know why we can grow more wheat to the acre after this drill than any other with the same amount of grain sown, come in and let us explain to you the "New Peoria Disc Shoe Drill."

The affair was a beautiful autumn function; the interior of the hospitable residence being garnished with the fall season's loveliest foliage, with vines and leaves and flowering shrubs and colors of white and yellow.

Amid such a setting and surrounded by two scores or more of relatives and friends, Miss Power was given away in marriage by her brother, Mr. Joseph Power of Chicago, while the groomsmen was Dr. R. M. Skinner of Flemingsburg.

Rev. Stackhouse of Lexington, impressively uttered the marriage rites at hymn's altar, during which Mr. R. L. Hoelich charmingly rendered the nuptial music on the piano.

Ribbons: Masters Church Matthews, Edwin Prather, J. Edwin Matthews and Mitchell Matthews.

The flower girls, Misses Alice Kerr Hood and Carroll Matthews, were charmingly arrayed in white French lawn and lace, with yellow ribbon.

Following the ceremony luncheon consisting of the following was served "Old Kentucky Style":

Country ham, pimento sandwiches, celery, mango pickles, chicken salad and coffee.

Mrs. Walter Matthews and Mrs. W. W. Ball poured the coffee. Misses Hannah and Mary Matthews assisted in the dining room.

Mr. and Mrs. Prather left on the C. & O. at 3:17 p. m. for their future home in Pennsylvania; stopping en route at Pate Springs, Tenn.

Among the out-of-town guests present were the following:

W. H. Taft. J. S. Sherman.

REPUBLICAN TICKET.

FOR PRESIDENT,  
WILLIAM HOWARD TAFT.  
FOR VICE PRESIDENT,  
JAMES S. SHERMAN.  
FOR CONGRESS,  
HON. HARRY BAILEY.  
FOR APPELLATE JUDGE,  
JUDGE A. J. KIRK.

Can you think of the last Democratic administration without shuddering?

A man is never called to apologize for having voted the Republican ticket. Keep to the record.

Mr. Taft is the only presidential candidate who has no need to explain his acts or retract his utterances.

If you are becoming tired of the bustle and whirl of the mills and factories, and railroads, try Dr. Wilson's favorite antidote.

The value of Pennsylvania's manufactures is \$2,600,000,000 a year and a million persons are employed in the industries. A "Tariff for revenue only" makes no hit in Pennsylvania.

Under Free-Trade the man who earns \$20 a week now would be forced to accept either \$15 or \$12. The difference of \$5 or \$8, which now goes for clothing, rent, and occasional cigar or a theatre ticket, possibly a delicacy for the home table, will not be at his disposal. Think of the several lines of trade that will lose millions of dollars every week by such enforced economy!

THOUSANDS OF DEMOCRATS FOR TAFT.

There never was a campaign in which party lines were worn as loosely as in the present Presidential contest. This is especially true concerning Democrats who have announced their determination to support President Taft.

These Democrats are convinced that the election of Woodrow Wilson means a savage assault by the Democratic party upon the protective system under which the United States has developed unequalled prosperity. Judging the future by the past they anticipate that if President Taft is defeated there will be a long period of business uncertainty, that factories will be closed down and millions of workingmen be forced into idleness, with the inevitable permanent closing down of manufacturing if foreign goods flood this country through the open doors of free trade. They know, too, that this condition will mean money stringency, a financial crisis, and the destruction of the business which has been built up under many years of Republican administration.

With these men it is not a matter of politics but a matter of self-preservation that leads them to support President Taft, whose reelection assures a continuance of prosperity. There can be no doubt of the correctness of their view. The depressing and distressful period of the last Democratic administration is a matter of history and it is certain that the same causes will bring about the same results.

"If I had my way, every custom house in the country would be razed to the ground."—Champ Clark.

Possibly you have noticed that our friends the Democrats are not so confident as they thought they were a month ago.

The Democrats have not yet answered the question what shall become of the factories that are nailed up under a Tariff for revenue only.—Chestertown, (Md.) Enterprise.

Roosevelt says: "We are through for once and all with the Republican party." There are a whole lot of people of the same opinion, but some one should remind him that he once made a statement in which he said that under no consideration would he again become a candidate for President.—Georgetown, (O.) News Democrat.

THE FARMER'S WAGON

Not long ago we saw a farmer friend taking out a new farm wagon. It was the same make of wagon as his old one in which he had driven to town and which was being towed home. A conversation brought out some interesting facts. The new wagon cost \$85; the old one bought in 1897, cost \$58. We asked him which was the easier to pay for. He smiled as he replied: "I could pay for four \$85 wagons now easier than I could pay the one \$58 one then." "Why," he continued, "I hauled corn to town in that old wagon, the same fall I bought it, for 17 cents a bushel, I hauled hogs to sell for 3 cents and wool for 14 cents." This man has made a good farm within the last five years; he is out of debt and he is going to vote for Taft and the whole Republican ticket in November.—West Union (O.) Record.

ROOSEVELT THE CAUSE OF THE BITTERNESS

"The presidential campaign up to the present hour," says an exchange, "has been one of the bitterest of its kind since the Civil War." To many persons, we suppose, it seems the bitterest. Yet it is by no means exceptional in that respect. Time softens memories of the bitterness in political campaigns, as well as of all memories of bitterness. The Grant-Greeley campaign and the Blaine-Cleveland campaign were bitter as this—in some respects more bitter. The McKinley-Bryan campaign of 1896 was bitter in many of its aspects, though the recollection of that bitterness is now obscured by the appreciation that it was a great educational campaign. This campaign's bitterness is chiefly in connection with the Roosevelt exodus from the Republican party and with many citizens even that is liberally flavored with amusement. In the pre-convention campaign Mr. Taft gave way to bitterness; but he has been reasonably good, natured since, while Mr. Wilson is always equable and serene. It is true, too, that much of the alleged bitterness is merely rhetorical.

THE VINE AND THE OAK.

Appropos of the dictum of Blanche Bates, the actress, that New York men are worthless, Willie Collier, the New York actor, said at the Lamba Club: "It's all in the point of view, you know. Blanche Bates is going to marry a Westerner. Now, if she were going to marry a New Yorker—  
"Yes, it's all in the point of view. A girl said to a bachelor:  
"Woman is indeed like the ivy on yonder ruin. The more dilapidated you become, the closer woman clings to you."  
"Yes," the bachelor sneered, "and the closer she clings to you, the more dilapidated you become."

After Them Both Ways.

TAFT IS SATISFIED WITH TREND TO HIM

Believes That National Prosperity Will Keep Farmers and Laborers in the Republican Ranks

QUACK REMEDIES REJECTED

Higher Living Cost Blamed to Gold Production—Wages Must Be Kept Up to Meet It.

Dalton, Mass.—President Taft is quoted the following statement on the Presidential campaign:

"I have every reason to be satisfied with political conditions. I have been simply overwhelmed for days past with letters and newspaper clippings showing the trend of the tide toward the Republican party, its platform, and its candidates. I have been especially gratified by the news from the Northwestern States. Chairman Hill of the Republican National Committee, who has been visiting the Northwest, tells me that reports from all parts of these States bring most gratifying evidence of Republican confidence and activity, with earnest determination to achieve the success of Republican principles and candidates.

"The population of the Northwest is not surpassed anywhere in intelligence and thrift and attachment to American institutions. The farmers of that part of the Union were never so prosperous, and they do not mean to risk the loss of their prosperity by abandoning the Republican party, whose policies have enabled them to prosper. They are convinced that the third-term candidate is no longer in the running, and that the choice is between the Republican platform and candidates on the one hand and, on the other hand, the Democratic platform, with its plank of a tariff for revenue only, and its candidate, Governor Wilson, who said in an address at Williams Grove, Pa., that the farmer does not need protection. It is unnecessary to explain to the farmer—West, East, North, or on the Pacific slope—what Governor Wilson's very frank declaration would mean, with Mr. Wilson in the White House and a Democratic majority in the Capitol.

Prosperity in the Nation.

"The same news comes from all directions. A Baltimore trade paper, which has been gathering the views of manufacturers in all parts of the United States, thus sums up the situation: 'A rapid expansion in business interests, increasing activity everywhere, factories overtaxed with orders beyond their capacity to fill, a growing scarcity of labor, especially of skilled mechanics; a car shortage which, in many cases, is greatly retarding shipments—such is the condition of business throughout the country as voiced by leading manufacturers of every section.

"The principal reason for the existing prosperity is the assurance that, under the Republican policy of home protection and trade expansion, American industry while reaching for the foreign market, is not in danger of losing the home market. While our foreign trade is growing more rapidly

than at any time in our history, domestic commerce is making advances fully as remarkable. Our population is increasing the demand for the necessities of life is increasing proportionately, and, thanks to active business and good wages, the people are able to pay for what they want and to keep our industries busy supplying their wants. Hence general and growing prosperity, with a certainty of still better times, provided the machinery of our national activities is not disarranged and brought to a standstill by undue reduction of the tariff or anarchistic assaults upon our institutions, and upon the harmonious relations now existing, as a rule, between employer and employee.

"There is no serious danger, I believe, to our institutions from industrial agitation. So long as such agitation keeps within legal bounds it is not without wholesome significance, and may tend to improve conditions. When it passes beyond the legal limit, whether those self-outlawed are connected with capital or with labor, it is a menace to be met with lawful authority. Notwithstanding occasional outbreaks of violence in labor disputes there is a growing tendency to settle differences by peaceful means, and there is undoubtedly manifest a much more friendly and humane attitude on the part of employers toward employed than was apparent not many years ago. The tidings that is getting to be more and more a guide in business as well as in religion. Social and economic conditions are growing better, not worse, and Republican policies fostering and stimulating national prosperity, undoubtedly tend toward this betterment.

"For the man or the community enjoying robust health, quack remedies have little attraction, no matter how vigorously recommended as cures for the body politic. The law of supply and demand, along with labor organization and arbitration, and such legislation as may properly be enacted governing hours of labor and rates of compensation in the public service, thereby giving an example for private employers, are adequate to deal with the wage question. A general minimum wage should have a tendency to bring down the maximum to the minimum. Labor organizations are well aware of this result, where an arrangement to that effect has been entered into with employers. However, as I have said, the American people are in no need of quack nostrums and too busy to listen to their vendors.

"The higher cost of living, as I have said before, is worldwide. The aim of the Republican party is to see that American workers are enabled to meet the cost of living by keeping employed at good wages. It is a simple purpose, and as direct and practical as it is simple, and does not need a volume of rhetoric to explain it or get around it. While the cost of living, so far as most of the necessities of life are concerned, is not so high here as in Europe the wage earner here is getting more than double to six and seven times the wages paid in Europe, and is in that proportion better able to meet any increase in the cost of living.

"I am pleased to note that former Governor Douglas of Massachusetts, an earnest and most estimable member of the Democratic party, refused to be carried away in the current idle reasons for the 'high cost of living.' He attributes it chiefly to the increased annual product of gold to \$500,000,000 from about one-fourth that amount twenty years ago and he ex-

pects that, as long as the present output of gold continues, with no change in the weight of gold coins, prices will have a tendency to mount higher. Obviously, the Democratic party and Governor Wilson, with such conditions facing us, could not select a worse time for proposing to the American worker—as in effect they do propose, by urging a reduction of the tariff—to consent to lower wages, with a view to more open competition with labor abroad. Wages must be kept up, and the way to keep them up is to keep the tariff protective, and not for revenue only.

"I propose in dealing with the trust question to keep the great combinations of capital within exactly the same control as the city or cross roads grocery pays a Federal license for selling cigars. I mean that both shall obey the law. That's all. Simple. Is it not? The Sherman law has been and will continue to be enforced against all violators, however rich and powerful they may be."

### Y. M. C. A. WORK

The Russell Railroad Association is now doing the biggest business in its history. Hundreds of C. & O. men are making regular use of the building.

The new new Covington building is nearing completion and will probably be occupied by December 1st. This building will represent an investment of about \$200,000 and will be complete in every way. Provision has been made for a large income from the building through the renting of store and dormitory rooms. It is located in the heart of the business section of the city.

The L. & N. Railroad Association building at Louisville is nearly completed and will be opened for a great work sometime in November. This will be the finest building of its kind on the whole system and will have a wonderful field for usefulness among the 4,000 railroad men who center in Louisville. The L. & N. Company has recently agreed to a most generous policy of support for this Association that will assure its financial success. The new additions to the building for the colored men of Louisville is also nearing completion.

### HERE AT HOME

MAYSVILLE CITIZENS GLADLY TESTIFY AND  
CONFIDENTLY RECOMMEND DDAN'S  
KIDNEY PILLS

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voices in praise there is no room left for doubt. Read the public statement of a Mayville citizen:

Mrs. Dora Mafford, Mayville, Ky., says: "Doan's Kidney Pills did me a lot of good and I am glad to tell about it. I had been feeling poorly for some time, before I knew that my kidneys were at fault. I was nervous and dizzy and my back and head ached. I read in a local paper how a neighbor had been cured of kidney trouble by Doan's Kidney Pills. I used them, and before long I was entirely better. I was able to sleep well and they improved my health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### Gave Leg and Lost Life

GARY, IND., October 18th.—"I guess I'm some good after all."

Billy Ruh, the cripple whose withered leg was amputated to save the life of a girl in a skin grafting operation in a hospital here, spoke these words this morning and then died. He was 41 years old. Pneumonia was said by the physicians to have been the cause of death.

The girl, Miss Ethel Smith, for whom he sacrificed his leg and later his life, had been horribly burned in a motorcycle accident.

### MESSAGE TO WORKING WOMEN

All women work; some to homes, some in Church, some in the whirl of society, and in stores, offices and shops tens of thousands are on the never ceasing treadmill earning their daily bread.

All women, however, are subject to the same physical laws, and suffer alike from the same physical disturbances and weaknesses, peculiar to their sex. Every woman, no matter what her station in life, should remember that Lydia E. Pinkham's Compound is the great remedy for female ills, in which she should place her trust.

### COUNTRY TOWN SAYINGS

BY "M" HOWE.

A man who has no poor kin, thinks it would be a pleasure to them.

When a woman gives a party, she figures on twenty-two guests to a gallon.

When a man asks your advice, he usually tells you just how he expects you to decide.

When men are not regretting that life is so short, they are doing something to kill time.

What has become of the old fashioned little boy who ate so much that it made him poor to carry it?

After a man becomes thoroughly worthless, instead of putting off until tomorrow what he should do today, he puts it off until next Monday.

When the weather is bright, and the women are on the streets, a man does nothing but take off his hat and bow, and the buggy horses to telegraph poles.

A campaigner says that when a man in the audience asks him a hard question he replies: "Thank you for reminding me; I am coming to that presently." And then the speaker forgets about it, and doesn't answer the question.

A girl wearing a new fall hat met a gentleman friend. "How do you like my new fall hat?" she asked. The man looked at the hat a moment, and inquired: "You can't trade back?" "No," the girl replied. "Well," the man said, "then I like it."

SETON Public Ledger, 1001 East Long distance Phone No. 25.

A country that has to be saved from demagogues every four years is not worth saving.

Formal notice of the Halkau war Friday was received by the United States Government.

Charged with abduction of Lucille Cameron, a 19-year-old white girl, Jack Johnson, negro pugilist, was arrested in Chicago and released on a cash bond of \$800 furnished by himself.

The activities of the Government prevented E. G. Lewis, the University City publisher, meeting his liabilities, was charged by attorneys at the opening of the trial of Lewis at St. Louis.

### Things to Remember

Home Notes.

The salt of life is work;  
The sweetness of life, poetry;  
The waters of life, faith.

### Once More: Clean Up!

If you have any pride in your city, as well as precaution for future trouble, you will clean up the rubbish from around your premises this fine weather. The health of a city depends on its cleanliness and many a disastrous fire is prevented by a little forethought along this line.

### TAFI POSTERS

Giving Reasons Why Votes Should Be Cast For President's Re-election

The L. H. Ramsey Bill Posting Company are putting up posters all over Central Kentucky for the Republican National Committee, which are attracting wide attention. Each is 21 feet long and 14 feet wide, and bear a large picture of President Taft in the center. They are of four designs: One is addressed to "Mr. Laboring Man," a second to "Mr. Voter," another to "Mr. Railroad Man" and a fourth to "Mr. Passerby." Each bears a clear and concise message from the Republican National Committee on the Presidential election and is a very unique method of appealing to the voters.

Mayville billboards also have these big "Prosperity Posters."

### "FAGGED-OUT" WOMEN

Will Find a Helpful Suggestion in This Letter

Overworked, run down "fagged out" women who feel as though they could hardly drag about should profit by Miss Richter's experience. She says: "Last winter I was completely run down and felt fagged out all the time, was nervous and had indigestion."

"One of my friends advised me to take Vinol and it has done me great good. The tired, worn-out feeling is all gone and I am strong, vigorous and well. The stomach trouble soon disappeared and now I eat heartily and have perfect digestion. I wish every tired, weak, nervous woman could have Vinol, for I never spend any money in my life that did me so much good as that I spent for Vinol." Marie Richter, Detroit, Mich.

Thousands of women and men who were formerly weak and sickly owe their present rugged health to the wonderful strengthening effects of Vinol. We guarantee Vinol to build you up and make you strong. If it does not give back your money, John C. Pecor, Druggist, Mayville, Ky.

Mrs. Della Long Unable to Stand On Her Feet More Than a Few Minutes at a Time.

Pendergrass, Ga.—Mrs. Della Long, of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles."

Often, I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, I would faint."

I took Cardui, and it helped me immediately. Now, I can do any work all the time, and don't suffer like I did."

"Take Cardui when you feel ill in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women."

It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times.

Besides the commandant and his staff, and the Institute eleven, there was a big crowd of Millersburg and Bourbon county residents for their home team, and it was a real gala occasion, and we hope to have them all down here again soon, even if they don't give our High School team a first-class licking.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They often send dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. ### Higgins-Zurick

**Massion Evening Independent, Wednesday, 16th.**

St. Joseph's Church was the scene of a pretty wedding this morning when Miss Anna Lee Higgins of 1407 Green street and Herman Zurick of Norwalk were married by the Rev. F. B. Doherty, pastor of the church.

Promptly at 9 o'clock the bridal party marched down the aisle to the strains of Lohengrin's wedding march and took their places before the altar.

The bride wore a gown of white messaline with crystal trimmings, a veil caught up with bride's roses and carried a white prayer book. She was attended by Miss Mary Luckner, who wore a dress of blue voile, with trimmings of lace, a white beaver hat and carried white chrysanthemums. Powers Higgins, brother of the bride, served as best man. Nuptial high mass was celebrated.

Immediately after the ceremony a reception was held at the home of the bride, followed by a wedding breakfast. The out-of-town guests were Misses Edna and Lillian and brother Robert Shilling of Canton. Mr. and Mrs. Zurick will leave Thursday on their wedding trip, going to Norwalk, where they will visit the former's parents. They will be at Elwood Place, where the groom is employed as a machinist. The young couple was the recipient of numerous and beautiful gifts, including china, cut glass, linen and silver.
